

# The North News

October 2016

A publication of the Nor Este Neighborhood Association

(Also see our website [www.noreste.org](http://www.noreste.org))

Your Nor Este Neighborhood Association needs your support! The Board of Directors keeps tabs on issues which affect our area – whether they are zoning issues, new developments or upcoming City events within our boundaries.

We report on these issues through our website and at our meetings to keep you informed of what's going on.

Attendance at our meetings has dropped off in the last couple of years. We need the support and input of our members to continue to be an effective advocate for you!

Our next meeting will be our annual Board of Directors election meeting. Please come support your Association as we move into the new year!

## Nextdoor.com

The Association would like to let you know about the website Nextdoor.com. This free website allows neighbors to stay in touch about any issues within their neighborhood. Posting categories include comments about lost/found pets, recommendations for businesses, and listings under classifieds. Residents can also post comments about neighborhood issues/concerns or alert neighbors to current property crimes such as car break-ins or burglaries. This resource can be a helpful tool for staying informed and communicating with our community. You can access the website at <https://nextdoor.com/>

## What Have You Done For Me Lately?

You might be wondering what issues your Association has been working on for you. Here is a partial listing of the issues we have tackled this year:

- Landscaping Wyoming & Alameda medians
- Attending Planning Commission meetings to protect the housing density in a new development at Glendale & Wyoming and getting concessions from the developer to address concerns of a higher housing density than previously zoned
- Consult with the Parks & Recreation Department regarding new trees in the park and their placement
- Trimming trees in the median along Oakland

The next General meeting, to include election of officers, will be Tuesday, November 1 at 7:00pm at North Domingo Baca Multigenerational Center. Please join us!

You have received this mailing because your residence is within the primary boundaries of the Nor Este Neighborhood Association (NENA) as depicted above.

## **Nor Este Survey**

We would like to get some information that will help us better serve you. Please go to

**<http://tinyurl.com/nenasurvey>** to answer this survey. Your responses are anonymous.

February 7<sup>th</sup> - Board

March 7<sup>th</sup> - General

June 6<sup>th</sup> - General

September 5<sup>th</sup> - Board

November 7<sup>th</sup> - General

October 3<sup>rd</sup> - Board

Nor Este Neighborhood Association

P.O. Box 94115

Albuquerque NM 87199

## **Become a member!**

If you would like to become a member of the Nor Este Neighborhood Association, please go to our website, [www.noreste.org](http://www.noreste.org) and fill out the form under the "Join Now" tab.

Note: you can join our mailing list without being a member of the Association, but only dues-paying members can vote.

## **YOU are the key to Success!**

Without you, the residents, our common unity is nothing more than a collection of buildings, landscaping and asphalt. As members of the community, homeowners bring their own individual tastes, likes, dislikes and preferences into the community. It is that diversity that makes our community interesting and full of life.

By recognizing the diverse makeup of our most valuable assets, the residents, each of us can begin to understand the need for a Board of Directors made up of a cross-section of homeowners in order to represent the full spectrum of individual tastes and concerns. Without your cooperation, support and involvement, our association cannot succeed.

Active participation in association activities such as committees and the Board of Directors, and choosing to attend General membership meetings in order to understand the issues that face our association, are perfect examples of how each and every one of us can contribute to the betterment of our community.
