

**CITY OF ALBUQUERQUE  
DEPARTMENT OF MUNICIPAL DEVELOPMENT**

**WYOMING BOULEVARD WIDENING  
PHASE I  
From Academy to San Antonio/Harper**

**Martin J. Chávez, Mayor**

**AVAILABILITY OF ENVIRONMENTAL ASSESSMENT**  
**MAP-4061(901)06, CN L3019**

---

**Project Summary:** The City of Albuquerque proposes to widen Wyoming Boulevard to three continuous travel lanes in each direction from the Academy Road intersection to the San Antonio Drive / Harper Road intersection. The purpose of the Wyoming Boulevard Widening project is to reduce congestion and provide uniformity of lane configurations between Academy Road and San Antonio Drive / Harper Road.

**Environmental Assessment Findings:** An environmental assessment was prepared to evaluate the environmental impacts of the proposed Wyoming Boulevard Widening project. This environmental assessment concludes that the proposed project is necessary for safe and efficient travel within the project corridor. The project will have no significant adverse social, economic, or environmental impacts of a level that would warrant an environmental impact statement. If no significant environmental impacts are identified during the 30-day environmental assessment comment period, a finding of no significant impact (FONSI) will be prepared and distributed. The FONSI will address any concerns raised during the circulation of the EA, during the 30-day comment period, or regarding coordination or other project aspects with appropriate agencies.

**Environmental Assessment Availability:** The environmental assessment will be available for review during a 30-day comment beginning on **April 15, 2009** and ending on **May 15, 2009**.

The environmental assessment may be viewed on the **internet** at: [www.cabq.gov/municipaldev](http://www.cabq.gov/municipaldev).

Copies of the environmental assessment may also be viewed at the following **locations**:

Cherry Hills Library  
6901 Barstow Street NE
